Get crafty this Christmas with this sweet red robin greetings card. Family and friends will be thrilled to receive this lovely Christmas keepsake.

You will need:

- Blue card • Red card • White card • Brown paint • Paintbrush
- Scissors • Yellow paint • White paint • Googly eyes • Red glitter • Glue

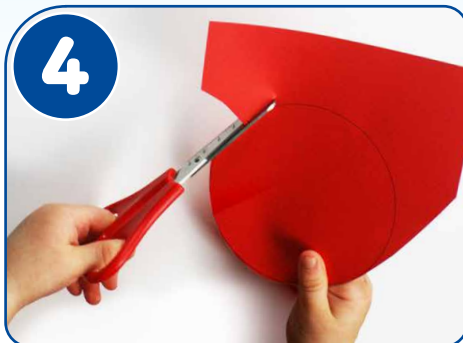

1 Fold the blue card in half and paint white blobs of paint on it to make snowflakes and a snowy ground.

2 Cut out an oval of white card and paint it with the brown paint. Allow to dry.

3 Stick the painted oval onto the blue card.

4 Cut out a circle of red card. You can draw around a small plate or saucer first to help you see where to cut.

5 Add glue to the red circle and sprinkle it with red glitter. Allow to dry.

6 Glue the red card to the brown oval then stick on the robin's googly eyes.

7 Cut out a triangle of white card for a beak, paint it yellow and stick it to the card. Then paint your robin's yellow feet and he's all finished!
