

Insey Winsey Spider

Move your spider up the drainpipe in this Orchard Toys classic by counting or matching shapes, but watch out for the rain which will wash you back down again!

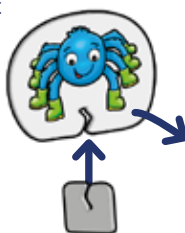

Contents

- 4 double-sided drainpipe boards
- 4 spider playing pieces and stands
- 1 spinner board
- 1 umbrella pointer
- 1 two-part plastic pivot (separate plastic pivot and connect umbrella pointer to spinner board)
- 1 number dice
- 1 shapes dice
- 1 rhyme card

Setting up the SHAPES Game

Assemble the spider playing pieces, and the drainpipe boards and place them, **shape side up**, on the table with the spinner and shape dice.

Each player chooses a spider and a matching coloured drainpipe board and places their spider on the coloured space at the bottom of the drainpipe.

Only use the shape dice

1 Match the shape

The youngest player starts.

Roll the dice.

Move your spider up the drainpipe to the first shape that matches the shape shown on the dice.

2 Spin the spinner

If the umbrella points to the **sun**, your spider **stays where it is**.

Play passes to the next player.

If the umbrella points to the **rain cloud**, your spider is **washed down the drainpipe** back to the start.

Play passes to the next player.

3 The winner

The first player to get their spider to the **top of their drainpipe** is the winner.

Players must roll the matching shape at the top of their drainpipe to reach the web.

Whilst playing, if the shape on the dice does not match one that is ahead of the player's spider, they do not move and play passes on.

Playing the COUNTING Game

Set up as the Shapes Game, but place the boards **shape side down** and only use the **number dice**.

Play as Shapes Game, but **move your spider up your drainpipe the number of spaces indicated by the number dice**. You do not need to roll the exact number to reach the top of your drainpipe.

Only use the number dice
