

# Goose on the Loose!

Watch out! There's a Goose on the Loose!

Help the farmers round up the escaped geese in this fun, colour matching board game but, be careful, the cheeky geese might escape again!

## Contents

- 24 two-piece 3D geese
- 4 farmers with stands
- 1 jiggered playing board
- 4 collection boards
- 1 dice

### Setting up the game

#### Assemble the 3D geese

Slot the goose wings into the matching coloured goose bodies.  
**NOTE:** Make sure the goose's feet are the right way round.

#### TOP TIP

Once you have pushed the wings down as far as you can, stand the goose on a hard surface and gently push down further until the bottom of the wings section touches the surface.

#### Assemble the farmers

Slot each farmer into a matching coloured stand.

#### Assemble the playing board and stand the 3D geese around the board.

All players place a collection board in front of them.

Each player chooses a farmer and stands it on the green arrow.

Place the dice within reach of all players.

### 1 Roll the dice

The youngest player starts.

Roll the dice and move your farmer along the path the same number of spaces.

### 2 Rounding up geese

Look at the colour of the space your farmer has landed on and choose a matching coloured goose from the table. Shout 'HONK!' and place the goose on the same coloured dot on your collection board.

Play passes to the next player.

### 3 Landing on a multi-coloured space

If you land on a multi-coloured space and you have not filled all the spaces on your collection board, you can take any coloured goose that you need from the table OR from another player.

Shout 'HONK!' and stand the goose on your collection board.

Play passes to the next player.

If you land on a multi-coloured space and you have filled all the spaces on your collection board, take a goose from another player and place it on the table with the other escaped geese shouting 'Goose on the Loose!'.

Play passes to the next player.

### 4 Escaping geese

If you land on a coloured space and you already have that coloured goose on your collection board, the naughty goose escapes again! Shout 'Goose on the Loose!' and return the goose to the table.

**Don't worry!** You can collect the same coloured goose again if you later land on another matching coloured space.

Play passes to the next player.

Purple space

Purple goose

Return to table

Remember: At all times during the game, you can only have one of each coloured goose on your collection board.

### 5 End of the path

When you reach the red arrow at the end of the path, stand your farmer next to your collection board. Any geese you have collected are safe and cannot be taken by other players.

Play continues until all players have reached the end of the path.

### 6 The winner

Players count how many geese they have rounded up. The player with the most geese is the winner.

#### Fun addition to gameplay

For a more physical game, try placing some/all of the escaped geese around the room so that players have to get up from the table to round them up!
