

Bug Hunters

Find the most bugs hiding under the leaves in this creepy crawly counting game

Contents

- 24 leaf/bug cards • 4 four-piece bug jigsaws • 1 spinner board • 1 two-part spinner arrow (separate the plastic arrow from the base and attach to the spinner board) • 1 fact file/checklist board

Setting up the game

Spread all the leaf cards, **bug side down**, on the table. This is the 'compost pile'.

Assemble the spinner and place it in reach of all players.

Looking at the fact file, each player selects **one** of the four-piece bug jigsaws.

Each player puts the four pieces of their jigsaw, **number side up**, beside them.

1 To play

The youngest player starts by spinning the spinner.

2 Collect the leaves

Every player takes the number of leaves from the 'compost pile' as shown on the spinner.

3 Turn over and count the bugs

All players turn over their leaf cards and count the bugs.

5 Make your bug jigsaw

The player/players with the **most bugs** can begin to build their four-piece jigsaw, beginning with the number '1' piece. As the game progresses, the remaining jigsaw pieces should be added in the correct number order - 2, 3, 4.

Note: if two or more players count the same number of bugs, these players can add a piece to their bug jigsaw.

5 Mix up the leaves

Return all of the leaf cards to the 'compost pile', leaf side up and mix them up. Play then resumes.

3 The winner

The winner is the first person to **complete their bug jigsaw**.

Other players may wish to continue playing until all jigsaws are complete.

Use the fact file to discover facts about the bugs that feature on the jigsaws

For added fun...
Have a bug hunt!

Get an adult to hide the bug cards around the house.

All the players look and see if they can find the bugs.

Using a wipeable pen* tick the bugs off as they are found, on the checklist included.

*Wipeable pen not included

Additional checklists can be printed from our website.

The winner is the player who has collected the most bugs once they have all been found!
