

Doggy Doggy Woof Woof!

Pair up fun doggy heads & bodies in this noisy and hilarious card game

Contents

• 4 double-sided kennel boards • 13 dog body cards • 13 dog head cards • 4 waggy tail cards

For Younger Players

Complete the three dogs on your kennel board.

Setting up the game

Each player pieces together a board showing **three** kennels of the same colour.

Spread all the cards, face down, on the table.

Each player chooses three dog body cards and puts them, face up, on their kennel board.

Remove any leftover body cards from the game.

1 Pick a card

The youngest player starts by turning over any face down card from the table.

If the head card matches one of your dog bodies, shout 'Doggy Doggy Woof Woof!' and put the complete dog on your kennel. Play passes to the next player.

If the head card does not match any of your dog bodies, return it, face down, to the table. Play passes to the next player.

2 Waggy tail card

If you turn over a waggy tail card, everyone shouts 'Waggy Waggy Woof Woof!' and wiggles as if they were wagging their tails! Take the waggy tail card out of play. Play passes to the next player.

3 The winner

The winner is the first player to make three complete dogs on their kennel board.

The game can also be played without the kennel board, as a basic pairs game!

For Older Players

Try to collect as many complete, matching dogs as possible.

Setting up the game

Each player pieces together a board showing **one** kennel.

Take **four** dog body cards and put them, face up, in the centre of the table.

Shuffle the rest of the cards and put them in a pile in the centre, face down.

1 Pick a card

The youngest player starts by turning over the top card from the face down pile. It doesn't matter if it's a head or a body card.

2 Can you make a complete dog?

If the card matches any of the face up cards on the table, shout 'Doggy Doggy Woof Woof!' and put the complete dog on your kennel board, on top of any cards you already have. Play passes to the next player.

3 If you can't make a complete dog

If the card doesn't match any of the face up cards on the table, add it to the other face up cards on the table (it can be either a head or a body). Play passes to the next player.

4 Waggy tail card

If you pick up a waggy tail card, everyone shouts 'Waggy Waggy Woof Woof!' and wiggles as if they were wagging their tails! Take the waggy tail card out of play. Play passes to the next player.

5 The winner

When all the cards have gone, count how many dogs are on your kennel board. The winner is the player with the most complete dogs.
