

# Mucky Trucks

Splish, splash, truck wash, have you seen?

Now this truck is nice and clean!

Land on a colour to clean a matching truck in this fun, first game.

Clean all your trucks first to win the game!

## Contents

- 24 truck cards • 1 sponge card • 1 two-piece board • 1 two-piece elephant playing piece
- 1 dice

## Setting up the game

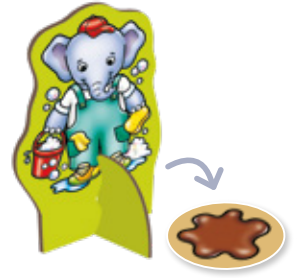

Each player takes 6 truck cards (one of each colour), and places them, **dirty side up** in front of them.

Assemble the board and place it, along with the the sponge and dice, where everyone can reach them.

Slot the elephant into the stand and place her on the **mud splat space** on the board.

## 1 To play

The youngest player starts.

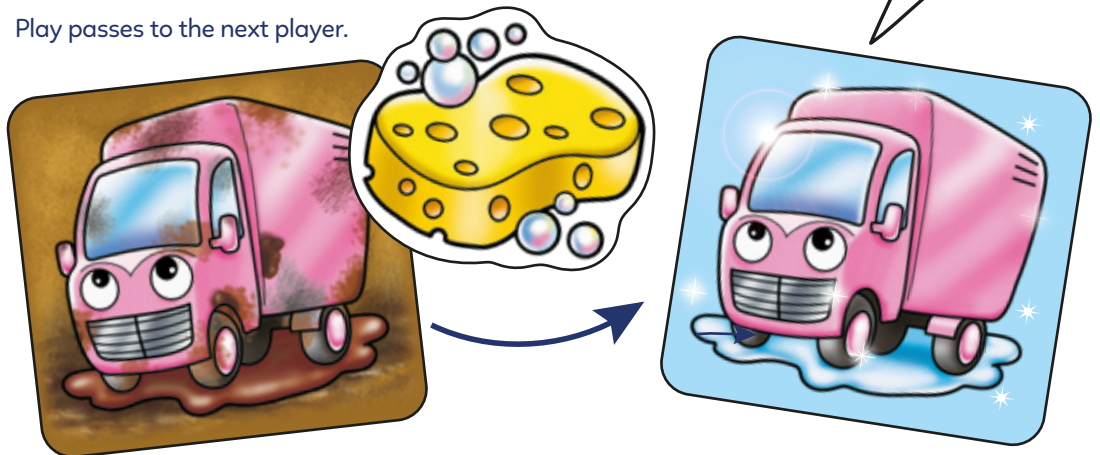

Roll the dice and move the elephant playing piece that number, clockwise around the board.

## 2 If you land on a colour

If you land on a colour, you can turn over your truck of the matching colour to make it nice and clean (you might like to say this rhyme, and pretend to rub the truck with the sponge just like you are cleaning it!)

Play passes to the next player.

## 3 If you land on a squeegee

If you land on a squeegee, you can **turn over ANY of your trucks** and pretend to clean them. Play passes to the next player.

## 4 If you land on a mud splat

If you land on a mud splat, bad luck! **Turn one of your clean trucks back over to make it dirty again.** Play passes to the next player.

## 5 Already cleaned that colour?

If you land on a colour you have already turned over and cleaned, play passes on.

## 6 The winner

The winner is the first player to turn over all their trucks to make them clean!
