

# Peg Fairies

Get creative and make these magical peg fairies!  
Why not make a few and hold your own fairy tea party?!

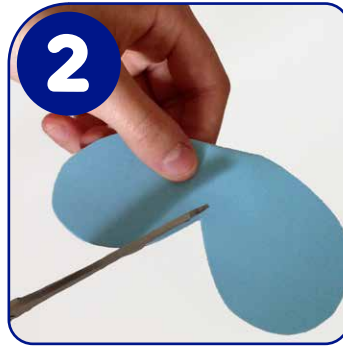

You will need:

- Wooden pegs
- Tissue paper
- Coloured card
- Stick on googly eyes
- Glitter and sequins
- Glue
- Scissors (ask an adult to help with any cutting)

1  
Cut a few strips of tissue paper and layer them up to create a dress for your fairy. You can try cutting into the bottom of the dress to make a frilled effect. Use glue to stick this to the wooden peg.

2  
Draw and cut out some wings on the coloured card. Handy tip: Fold the card in two and cut one side of the wings and unfold!

3  
Stick the wings onto your fairy with some glue and allow to dry.

4  
Cut out a few circles from some tissue paper and layer them up, sticking one on top of the other to make a frilly hat for your fairy.

5  
Stick the hat onto the fairy's head with glue, then add some googly eyes! You can draw the eyes on with a felt tip pen if you prefer. Have fun decorating the wings with glitter and sequins, or paint!

**\*WARNING!** Scissors needed. Adult supervision required.
