

Superhero Lotto

Help the superheroes unlock their special powers!
This fun **matching game** features two levels
of difficulty for younger and older players

Contents

• 4 double-sided jigsaw boards • 24 item cards

Setting up the game

Each player pieces together a board. In this game use the side of the board which shows the items to match to.

Spread the item cards face down on the table.

2 Is the item on your board?

If the item on the card is shown on your board, place the card over the matching picture.

Play passes to the next player.

3 No match

If the item on the card **does not match** a picture on your board, show the card to the other players and return it face down to the table.

Play passes to the next player.

4 The winner!

The winner is the first player to fill their board with all six matching item cards.

For older players

For older players and a more challenging game, turn the boards over and match the item cards to the secret identity scenes.

N.B. To play with mixed ages and abilities the boards can be used either way up.
